

Glisten 135 (135W)

物美价廉，纤薄优雅外观，wifi 智能无线控制

Compact and slim body, fanless design, 81cm long body, wifi controllable on Android and iOS devices

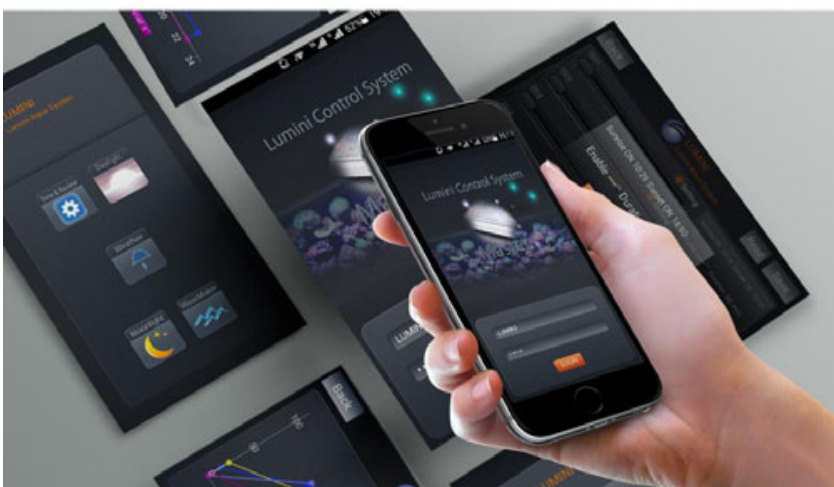

Wifi Control

We use the newest and most popular technology DMX and PWM controls. 4 channels, timing and dimming, Auto, Manual, Thunderstorm, Moonlight working mode. Our control is intelligent, wireless daisy chain is compatible, lets your coral grow using automated parameters.

Features

- 100% modular design, low cost maintenance
- Passive cooling, no fan design, quiet operation
- High efficiency and energy-saving control
- 4 adjustable channels with timer and dimmer
- Storm/moonlight/sunrise/sunset/lunar cycle simulation
- Light weight and slim design, easy installation
- Daisy chain system, one controller controls all together
- Wifi control on iOS and Android devices

长(L): 32 inches/813mm

宽(Wide): 5.5inches/143mm

高(H): 1.2inches/30mm

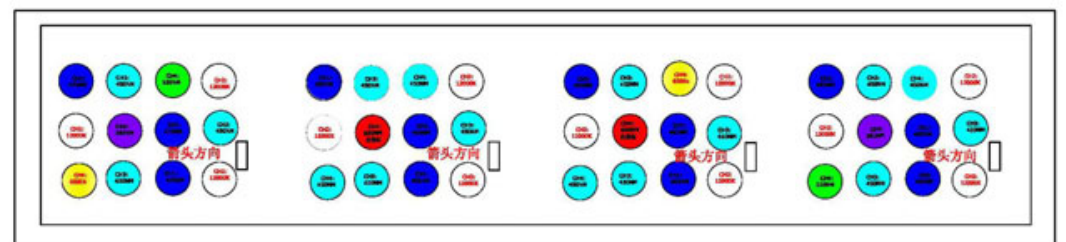

Main Specification

Actual power : 135 watts
 0.61amps @ 220V; 1.22amps @ 110V
 Power Factor(PF): > 0.96
 Frequency: 50/60Hz
 AC Cable Length: 4ft

LEDs

- 12 x Blue 5W SemiLEDs
- 16 x Royal Blue 5W SemiLEDs
- 12 x Cool White 5W Bridgelux LEDs
- 2 x warm white 5W Bridgelux LEDs
- 2 x UV 5w Edison LEDs
- 2 x Red 5W LEDs
- 2 x green 5W LEDs
- Total: 48pcs double-chip leds
- Lifespan: 50000Hrs

Upgradability

We know how important your investment is. We've designed the Glisten 135 to be forward thinking, and allow for upgrades as the technology progresses. Like personal computers, LED technology is developing rapidly. The Glisten 135 is 100% modular designed, allowing to be upgraded as desired.
